TECHNICAL DATA SHEET

Fleetline Diesel Injector Cleaner

PRODUCT DESCRIPTION

Fleetline Diesel Injector Cleaner is a multipurpose diesel additive that cleans the complete fuel system, increases cetane number and restores power and performance. Contains a lubricating additive to lubricate the diesel fuel pump in case of low sulfur fuel. Can be used for diesel engines with or without turbo charges running on low or normal sulfur diesel fuel.

BENEFITS

- Cleans, restores, and protects the entire fuel system against corrosion.
- Eliminates starting problems, hesitation, stalling and spark plug.
- Smoothens idling, improves throttle response and combustions and emissions.
- Removes deposits from injector pointless to allow for better flow and more efficient operation.
- Provide improves fuel lubricity to prevent prevent fuel pump and injector wear.
- Reduces emission of hazardous exhaust gases.

METHOD OF USE

- Suitable for all diesel engines.
