TECHNICAL DATA SHEET

Driveline Coolant Green

PRODUCT DESCRIPTION

High quality pre-mixed coolant perfect for all seasons recommended for use in all water-cooled petrol and diesel engines and cooling systems of stationary engines.

BENEFITS

- Ready to use coolant
- Helps prevent scale and sludge build-up
- Protects against cold and heat.
- Effective lubrication of water pump.
- Retards overheating in summer.
- Broad spectrum corrosion inhibitors.

APPLICATIONS

- Antifreeze for use in the cooling systems of motor vehicles and stationary engines, which use water as a coolant.
- The right balance of Monoethylene glycol concentration and processed water enables the product to protect at both low and high temperatures.
- Its broad spectrum of corrosion inhibitors ensures that no corrosion takes place in iron or aluminum components, thus giving long life.
- Use product undiluted.

KEY PROPERTIES

Density @ 20°C kg/l 1.06
Freezing Point -15°C

PACKAGE SIZE	1 Litre
Driveline Coolant Green	✓
