## TECHNICAL DATA SHEET

### Fleetline LHM Fluid

#### PRODUCT DESCRIPTION

Fleetline LHM Fluid is a high performance hydraulic oil, especially developed for the hydraulic brake- power steering and suspension system of Citroen and certain other vehicles. It is manufactured from specialised mineral oil and selected additives to produce hydraulic and brake fluid with a very high viscosity index.

#### PERFORMANCE STANDARDS

ISO 7308  
PSA B71 2710

#### APPLICATIONS

Fleetline LHM Fluid is recommended for use in certain Citroen, Peugeot, and agricultural/ off highway applications. LHM Fluid should never be used where in a Brake Fluid Dot 3, 4, 5 or 5.1 is prescribed.

#### BENEFITS

- Very high viscosity index
- Excellent wear protection
- High resistance to oxidation
- High degree of corrosion inhibition
